1. Nature of business

Watlington Waterworks Limited ("The Company") and Bermuda Waterworks Limited ("the Subsidiary") (note 2(b)) are incorporated under the laws of Bermuda and are primarily engaged in the production and distribution of water and purification of drinking water for sale at the retail and wholesale level. The group is also engaged in the provision of customer services, plumbing supplies and the supply of coolers for sale and rental.

2. Significant accounting policies

These financial statements have been prepared in accordance with accounting principles generally accepted in Bermuda and Canada. The significant accounting policies adopted by the Company are as follows:

(a) Basis of presentation

The preparation of consolidated financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as at the date of the financial statements. Estimates also affect the reported amounts of income and expenses for the reporting period. Actual results could differ from those estimates.

(b) Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Bermuda Waterworks Limited. All significant intercompany transactions and balances are eliminated on consolidation.

(c) Water sales

Water sales comprise wholesale water and bottled water sales. Wholesale water sales are based on consumption recorded by meter readings taken monthly during the period.

(d) Other operating revenues

Other operating revenues comprise income from sales of plumbing supplies, sales and rental of water coolers and related equipment and utility connection fees.

(e) Property, plant and equipment

Freehold land is stated at cost and is not depreciated. Property, plant and equipment other than freehold land are being depreciated on a straight-line basis over their estimated useful lives, which generally vary from 3 to 40 years.

(f) Investment property

Investment property is stated at cost and depreciated over its estimated useful life of 40 years.

(g) Intangible assets

Application software is stated at cost less accumulated amortization and is amortized on a straight line basis over a useful life of three years.

(h) Inventories

Inventories which comprise essential utility parts, plumbing supplies and bottled water supplies are carried at the lower of average cost and net realisable value.

For the six months ended June 30, 2023

(i) Fair values of financial instruments

Fair values of financial instruments are disclosed in the notes to the financial statements when they differ from the carrying values. Where amounts receivable and payable are subject to normal credit terms, their carrying values are used as an approximation of their fair values.

(j) Cash and cash equivalents

Cash and cash equivalents include deposits having a maturity of less than three months from the date of purchase.

(k) Pension plan

The Company sponsors a defined contribution pension plan (the "Plan") covering all eligible employees. The cost of the Plan is expensed as related benefits are earned by the employees. The Company makes monthly contributions in accordance with the Plan Agreement to the employees' individual accounts, which are administered by an insurance company pursuant to and in accordance with the National Pension Scheme (Occupational Pensions) Act.

The net asset value attributable to each share, calculated on the basis of the book value as disclosed in the Company's consolidated balance sheet as at June 30, 2023 was \$36.73 (December 31, 2022 - \$36.13).

9. Share capital and share premium

(a) Employee share purchase plan

In June 1999, the Company introduced an employee share purchase plan whereby employees with a minimum of one year's continuous service may subscribe to purchase a maximum of 1,000 common shares in any one calendar year. The purchase price of the common shares is 85% of the market price on the plan's subscription date. The shares purchased are issued from authorized, unissued share capital. Employees are restricted from selling the shares for a period of one year from the issuance date.

During the 6 months ended June 30, 2023, 500 shares were purchased by employees for consideration of 12,573 (December 31, 2022 – 2,690 shares at a consideration of 78,167). The excess of the purchase price over the par value of the shares is recorded as share premium.

(b) Share premium

The share premium balance relates to the excess of the purchase price over par value of shares of the Company.

10. Reserves

Capital reserve

The amount maintained in capital reserve represents the Company's investment in infrastructure renovations and improvements, including pipelines and reservoirs, in order to maintain the permanent capital of the Company and has been approved by the Board of Directors.

11. General reserve

General reserve is an appropriation from retained earnings as a contingency for unexpected future expenditures and has been approved by the Board of Directors.

12. Other assets

The Company participates in a defined contribution plan on behalf of its employees with a third party insurer. As at June 30, 2023 the Company has a pension surplus of \$ 4,872 (December 31, 2022 – \$4,801) which is included in other assets on the consolidated statement of financial position. The pension surplus arises from contributions made by the Company for former employees who left the pension plan prior to the vesting date, and can be offset against the Company's future pension contributions payable.

13. Financial instruments

The estimated fair values of the Company's cash and cash equivalents, investments, accounts receivable, accounts payable and accrued liabilities and deposits held approximate their carrying values.

Financial instruments which potentially subject the Company to concentrations of credit risk consists of cash and cash equivalents, investments and accounts receivable.

Cash and cash equivalents and investments consist mainly of cash deposits. The Company has deposited the cash and cash equivalents and investments with reputable financial institutions, from which management believes the risk of loss to be remote.

The Company's credit risk with respect to its accounts receivable is minimized by the Company's large customer base, which covers consumer and business sectors in Bermuda. The Company follows a programme of credit evaluations of customers and limits the amount of credit extended when deemed necessary. The Company maintains provisions for potential credit losses and any such losses to date have been within management's expectations.

Commitments

As at June 30, 2023, the Company had contracted capital commitments in respect of plant and equipment of \$64,397 (June 30, 2022 - \$332,930). These commitments will be met from operations during 2023.

During 2020, the Company entered into a contract of \$15,215,780 with D&J Construction Ltd. to construct a reservoir, pump station and Phase 1 treatment building at Lot 6B, Luke's Pond Drive, Southampton. During 2022, there were changes in scope to the project in the amount of \$139,851 bringing the total cost of the project to \$15,355,431. Construction began in February 2021 and the project is expected to extend through 2023 with commitments of \$1,323,780. The project was initially scheduled for completion in May 2022, however, due to supply chain issues which have caused delays, the project is now scheduled for completion in November 2023. These commitments will be met from a combination of operations and term deposits maturing during 2023.

14. Capital disclosures

The Company's objectives in managing capital are to ensure sufficient liquidity to enable the internal financing of capital projects and working capital needs, thereby facilitating its expansion, to maintain a strong capital base so as to maintain investor, creditor, and market confidence and to provide an adequate return to shareholders.

The Company's capital is comprised of shareholders' equity. The Company's primary uses of capital are to fund increases in non-cash working capital, along with capital expenditure for new production processes and distribution networks. The Company currently funds these requirements out of its internally generated cash flow. The Board of Directors does not establish quantitative return on capital criteria for management, but rather promotes year-over-year sustainable profitable growth. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders. The Company is not subject to any externally imposed capital requirements.
