Aurum Isis Institutional Dollar Fund Ltd.

Notes to the Financial Statements from the date of incorporation, 27 January 2011 to 31 December 2011

1 General

Aurum Isis Institutional Dollar Fund Ltd. (the “Institutional Dollar Fund” or the “Company”) was incorporated in Bermuda on 27 January 2011 under the Companies Act 1981 as amended and acts as an investment company. Shares of the Institutional Dollar Fund are denominated in US dollar. The Institutional Dollar Fund is one of eight Feeder Funds comprising the Institutional Dollar Fund, Aurum Isis Institutional Euro Fund Ltd. (the “Institutional Euro Fund”), Aurum Isis Swiss Franc Fund Ltd. (the “Swiss Franc Fund”), Aurum Isis Dollar Fund Ltd. (the “Dollar Fund”), Aurum Isis Sterling Fund Ltd. (the “Sterling Fund”), Aurum Isis Euro Fund Ltd. (the “Euro Fund”), Aurum Isis Australian Dollar Fund Ltd. (the “Australian Dollar Fund”) and Aurum Isis Japanese Yen Fund Ltd. (the “Japanese Yen Fund”) that invest in Aurum Isis Fund Ltd. (the “Master Fund”). The other Feeder Funds have Swiss Franc, US Dollar, Sterling, Euro, Australian Dollar and Japanese Yen denominated shares respectively.

The Feeder Funds must solely invest into Participating Shares of the Master Fund, except in the case of the Swiss Franc, Sterling, Euro, Institutional Euro, Australian Dollar and Japanese Yen Funds in respect of currency hedging. The Participating Shares of the Master Fund are valued in US dollars. The Swiss Franc, Sterling, Euro, Institutional Euro, Australian Dollar and Japanese Yen Funds whilst investing into US dollar denominated Participating Shares of the Master Fund will, by appropriate currency hedging, seek to protect the value of their shares in swiss franc, sterling, euro, Australian dollar and Japanese yen terms respectively irrespective of movements in currency values between the US dollar and their respective currencies. The Master Fund pays the fees of the Administrators, Custodian, the Investment Advisor, audit, formation and minor out of pocket expenses and Directors’ fees of all funds but subject to an adjustment as explained in Note 3 below. Each Fund will otherwise bear its own costs and liabilities.

The Company’s investment objective is to achieve long term capital growth by investing in the Participating Shares of the Master Fund. The annual report and audited financial statements of the Master Fund for the year ended 31 December 2011 are attached and should be read in conjunction with these financial statements.

The audited financial statements were approved by the Board of Directors on 25 April 2012.

2 Principal Accounting Policies

The principal accounting policies which have been applied are set out below.

Statement of Compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations of IFRS adopted by the International Accounting Standards Board (IASB).

Basis of Preparation

The financial statements are presented in the currency of the primary economic environment in which the Company operates, which is US dollar, reflecting the fact that the redeemable Participating Shares are issued in US dollars and the Company’s operations are primarily conducted in US dollars. They are prepared on a fair value basis for financial assets and financial liabilities at fair value through profit or loss. All other assets and liabilities are stated at amortised cost.

The accounting policies have been applied consistently by the Company

Changes in accounting policy and disclosures

A number of new standards, amendments to standards and interpretations of IFRS are effective for annual periods beginning after 1 January 2011. None of these are expected to have a significant effect on the measurement of the amounts recognised in the financial statements of the company. IFRS 10, IFRS 11, IFRS 12 and IFRS 13 were issued in May 2011 but are not yet effective.

Aurum Isis Institutional Dollar Fund Ltd.

Notes to the Financial Statements from the date of incorporation, 27 January 2011 to 31 December 2011 (continued)

2 Principal Accounting Policies (continued)

Changes in accounting policy and disclosures (continued)

IFRS 9 (Financial Instruments) issued in November 2009 (IFRS 9 (2009)) will change the classification of financial assets and liabilities. The standard is not expected to have an impact on the measurement basis and classification of the financial assets since the majority of the Company's financial assets are measured at fair value through profit or loss. The standard is effective for annual periods beginning on or after 1 January 2015 subject to EU endorsement. Earlier application is permitted. The Company does not plan to adopt this standard early.

There are a number of other IFRS and interpretations which were in issue but have not been applied in the financial statements as they are not yet effective. The Directors anticipate that the adoption of these standards will have no material impact on the financial statements of the Fund.

Investments

The Company, on initial recognition, designated investments as at fair value through profit or loss as, in doing so, it results in more relevant information because the investments and related liabilities are managed as a group of financial assets and liabilities and performance is evaluated on a fair value basis and reported to key management personnel on that basis.

Investments in collective investment schemes are recorded at the net asset value per share as reported by the administrators of such funds. Investment transactions are recorded on the trade date at which the company becomes a party to the specific investment. Purchases and sales of financial assets and financial liabilities are recognised using trade date accounting. Realised capital gains and losses on investment transactions are determined on the weighted average cost basis and are included in the Statement of Comprehensive Income. Unrealised capital gains and losses from a change in the fair value of investments are recognised in the Statement of Comprehensive Income.

Where administrators are unable to provide net asset value per share, the Directors make their own assessment of value based on available information.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Fund has a legal right to set off the recognised amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Under IFRS, Participating Shares are treated as a financial liability and the format of the Statement of Financial Position reflects this position.

Translation of Foreign Currencies

The results and financial position of the entity are expressed in US dollar which is the functional currency of the Company. Transactions in currencies other than US dollar are recorded at the transaction date rate. At each reporting date, monetary items and non-monetary assets and liabilities that are fair valued and are denominated in foreign currencies are retranslated at the rate prevailing on the reporting date. Gains and losses arising on retranslation are included in the net profit or loss for the period where investments are classified at fair value through profit or loss.

Interest Income

Interest income is recognised in the Statement of Comprehensive Income for all interest bearing instruments on an effective interest basis.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash balances held at banks together with bank overdrafts. The bank overdrafts are repayable on demand and form an integral part of the Company's cash management system.

Aurum Isis Institutional Dollar Fund Ltd.

Notes to the Financial Statements from the date of incorporation, 27 January 2011 to 31 December 2011 (continued)

2 Principal Accounting Policies (continued)

Taxation

The Company has received an undertaking from the Ministry of Finance of Bermuda, under the Exempted Undertakings Tax Protection Act, 1966 exempting the Company from Bermuda income, profit, capital transfer or capital taxes, should taxes be enacted, until 31 March 2035.

Expenses

All expenses are recognised in the Statement of Comprehensive Income on an accruals basis.

Use of Estimates

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the year. Actual results could differ from those estimates. Revisions to accounting estimates are recognised in the period in which the estimate is revised. The areas of estimates which have the most significant effect on the amounts recognised in the financial statements are disclosed in notes 8 and 9.

Derecognition of Financial Assets and Liabilities

A financial asset is derecognised when the Company loses control over the contractual rights that comprise that asset. This occurs when the rights are realised, expired or are surrendered. The Company uses the weighted average cost basis to determine the realised gain or loss on derecognition. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

3 Fees

The Company pays the Investment Advisor (i) a monthly advisory fee of 0.083333% (equivalent to approximately 1% per annum) of the Net Asset Value of the Participating Shares of the Company as at the relevant month end; and (ii) a monthly incentive fee of 10% of the increase, if any, of the Net Asset Value of the Participating Shares of the Company in issue at the valuation day over their adjusted value at Base Date or if higher the value of such shares upon which an incentive fee was last paid (the higher water mark date in respect of the Company). The adjusted value at Base Date shall mean the Net Asset Value of the Participating Shares of the Company in issue at the valuation day at Base Date increased by a factor of 0.416666% (equivalent to approximately 5% per annum) for each month that has expired since the Base Date. For the purposes of this clause the Base Date is the 31 December immediately prior to the month end except that for the period up to 31 December 2011, the Base Date shall be 1 March 2011 and it shall be assumed that all participating shares in issue at valuation day were in issue at Base Date and/or the higher water mark date as the case may be and had Net Asset Value equal to the Net Asset Value of the Participating Shares of the Company as at Base Date or high water mark as case may be. These fees are calculated before all Investment Advisor, Administrators and Custodian fees, Directors' fees, audit fees, formation and sundry expenses for the month concerned are deducted and are paid monthly in arrears.

The Master Fund will initially pay the advisory fees at the rates set out in the prospectus relating to the Master Fund and the other Isis Feeder Funds but an adjustment will be made to or from the Company by the Investment Advisor to secure that the effective charges to the Company are as set out above having regard to the terms of investment into the Company.

The Company pays no other direct fees. Please refer to the accompanying Master Fund financial statements for notes regarding fees paid by the Master Fund.
