HSBC HOLDINGS PLC ANNOUNCES TENDER OFFERS FOR FOUR SERIES OF NOTES

HSBC Holdings plc (the 'Company', 'we' or 'us') has announced the anticipated launch of four separate offers to purchase for cash any and all of the outstanding series of notes listed in the table below. The launch of the Offers (as defined below) is expected to be at or around 10:00 a.m. (New York City time) on May 8, 2024 (the 'Launch Date'). The Offer Documents will be available from 10:00 a.m. (New York City time) on the Launch Date at the following link: <https://www.gbhc-usa.com/hsbc/>.

We refer to the outstanding notes listed in the table below collectively as the 'Notes' and separately as a 'series' of Notes. We refer to each offer to purchase a series of Notes as an 'Offer', and collectively as the 'Offers'. The Offers are made upon the terms and subject to the conditions set forth in the Offer to Purchase dated May 8, 2024, relating to the Notes (the 'Offer to Purchase') and the related notice of guaranteed delivery (the 'Notice of Guaranteed Delivery', and together with the Offer to Purchase, the 'Offer Documents'). As of the date of the Offer to Purchase, the aggregate outstanding principal amount of Notes subject to the Offers is \$10,000,000,000. References to '\$' are to U.S. dollars.

(1) We will accept Notes in the order of their respective Acceptance Priority Level specified in the table above, subject to the satisfaction of the Maximum Tender Amount Condition and the New Issue Condition (each as defined below). **It is possible that the Maximum Tender Amount Condition might not be met with respect to any series of Notes with an Acceptance Priority Level greater than 1, and such series of Notes will not be accepted for purchase, even if one or more series of Notes with a lower Acceptance Priority Level is accepted for purchase. If any series of Notes is accepted for purchase under the Offers, all Notes of that series that are validly tendered and not validly withdrawn will be accepted for purchase. As a result, no series of Notes accepted for purchase will be prorated.**

(2) For each series of Notes in respect of which a First Optional Redemption Date is indicated, the calculation of the applicable Consideration (as defined below) will be performed assuming repayment of the principal on such First Optional Redemption Date for such series of Notes, excluding scheduled interest payments after such date.

Tender Offers/2

The Offers are being undertaken to proactively manage the Company's outstanding debt portfolio.

Each Offer will expire at 5:00 p.m. (New York City time) on May 14, 2024, unless extended or earlier terminated by the Company in its sole discretion (such date and time with respect to an Offer, as the same may be extended, the '**Expiration Time**'). Notes tendered for purchase may be validly withdrawn at any time at or prior to 5:00 p.m. (New York City time) on May 14, 2024 (such date and time with respect to an Offer, as the same may be extended, the '**Withdrawal Date**'), but not thereafter, unless extended or earlier terminated with respect to an Offer by the Company in its sole discretion. We expect the Settlement Date to occur on May 17, 2024, unless extended or earlier terminated in respect of an Offer by the Company in its sole discretion (such date and time with respect to an Offer, as the same may be extended, the '**Settlement Date**').

Each Offer is independent of the other Offers, and we may terminate, modify or waive the conditions of any Offer without terminating, modifying or waiving the conditions of any other Offer.

Upon the terms and subject to the conditions set forth in the Offer Documents, holders who (i) validly tender Notes at or prior to the Expiration Time or (ii) validly tender Notes at or prior to 5:00 p.m. (New York City time) on May 16, 2024 (such date and time with respect to an Offer, as the same may be extended, the '**Guaranteed Delivery Date**') pursuant to the Guaranteed Delivery Procedures (as defined in the Offer to Purchase), and whose Notes are accepted for purchase by us, will receive consideration for each \$1,000 principal amount of each series of Notes, which will be payable in cash on the Settlement Date as described below (the '**Consideration**').

The Consideration applicable to each series of Notes validly tendered and accepted by us pursuant to the Offers will be calculated at or around 11:00 a.m. (New York City Time) on May 14, 2024 (such date and time with respect to an Offer, as the same may be extended by the Company in its sole discretion, the '**Price Determination Date**'), in accordance with the formula set forth in the Offer to Purchase and with standard market practice, using the applicable '**Offer Yield**', which will be equal to the sum of:

- a) the applicable '**Reference Yield**', as determined by the Dealer Manager, that corresponds to the bid-side yield of the Reference Security specified in the table above for such series of Notes appearing on the Price Determination Date, such yield being directly quoted on the Bloomberg Reference Page (as defined below) and being rounded to the nearest 0.001 per cent. (with 0.0005 per cent. being rounded up), plus
- b) the Fixed Spread specified in the table above for such series of Notes.

Accordingly, the Consideration payable by us for each \$1,000 principal amount of each series of Notes accepted by us will equal:

- (i) the present value on the Settlement Date of \$1,000 principal amount of such Notes due on, in the case of the May 2026 Notes and the March 2026 Notes, the maturity date (as specified in the table above) of such Notes and in the case of the May 2027 Notes and the November 2027 Notes, the First Optional Redemption Date (as specified in the table above) of such Notes, and all scheduled interest payments on such \$1,000 principal amount of such Notes to be made from (but excluding) the Settlement Date up to and including such maturity date or First Optional Redemption Date, as the case may be, discounted to the Settlement Date at a discount rate equal to the applicable Offer Yield, minus
- (ii) the Accrued Interest per \$1,000 principal amount of such Notes;

such total amount being rounded to the nearest cent per \$1,000 principal amount of such Notes, and the above calculation being made in accordance with standard market practice as described by the formula set forth in the Offer to Purchase.

The '**Bloomberg Reference Page**' means the page on Bloomberg from which the Dealer Manager will observe the bid-side yield of the Reference Security for each series of Notes, which is expected to be PX1 (or any other recognized quotation source selected by us in consultation with the Dealer Manager if such quotation source is not available or manifestly erroneous).

As soon as reasonably practicable after the Price Determination Date, the Company will issue a press release specifying the Consideration for each series of Notes validly tendered and accepted.

In addition to the Consideration, holders whose Notes of a given series are accepted for purchase will also be paid a cash amount equal to accrued and unpaid interest on such Notes from, and including, the last interest payment date for such Notes to, but not including, the Settlement Date, rounded to the nearest cent (such amount in respect of a series of Notes, '**Accrued Interest**'). Accrued Interest will be payable on the Settlement Date. For the avoidance of doubt, interest will cease to accrue on the Settlement Date for all

Tender Offers/3

Notes accepted in the Offers. Under no circumstances will any interest be payable to holders because of any delay on the part of Global Bondholder Services Corporation, as depository, The Depository Trust Company ('DTC') or any other party in the transmission of funds to holders.

It is expected that the Offers will be financed with cash on hand.

On the date of the Offer to Purchase, the Company expects to launch a proposed new issuance (the '**Proposed Issuance**') of senior unsecured debt securities in two series (the '**New Notes**') which are not subject to the Offers. No assurance can be given that the Proposed Issuance will be completed.

The Offers are subject to the terms and conditions described in the Offer Documents. In particular, the Company's obligation to complete an Offer with respect to a particular series of Notes is conditioned on satisfaction of the '**Maximum Tender Amount Condition**', meaning that the sum of (a) the Consideration (excluding Accrued Interest) for all validly tendered and not validly withdrawn Notes of such series *plus* (b) the aggregate Consideration (excluding Accrued Interest) for all validly tendered and not validly withdrawn Notes of each series having a higher Acceptance Priority Level (as specified in the above table, with 1 being the highest Acceptance Priority Level and 4 being the lowest Acceptance Priority Level), other than Excluded Notes (as defined below), does not exceed \$5,000,000,000 (the '**Maximum Tender Amount**'). Our obligation to complete the Offers is also conditioned on the successful completion, on terms and conditions satisfactory to us in our sole discretion, of the Proposed Issuance (the '**New Issue Condition**').

Notwithstanding any other provision in the Offer to Purchase to the contrary, if the Maximum Tender Amount Condition is not satisfied for a particular series of Notes, at any time at or prior to the Expiration Time, then (1) we will not be obligated to accept for purchase such series of Notes and will terminate the Offer with respect to such series of Notes (such series of Notes, '**Excluded Notes**'), and (2) if there is any series of Notes having a lower Acceptance Priority Level for which the Maximum Tender Amount Condition is satisfied, meaning the Maximum Tender Amount is equal to or greater than the sum of:

- a) the Consideration necessary to purchase all validly tendered and not validly withdrawn Notes of such series (excluding Accrued Interest), plus
- b) the aggregate Consideration necessary to purchase all validly tendered and not validly withdrawn Notes of all series having a higher Acceptance Priority Level than such series of Notes, other than the Excluded Notes (in each case, excluding Accrued Interest),

then all Notes of such series having a lower Acceptance Priority Level will be accepted for purchase, and the Maximum Tender Amount Condition will be applied at each subsequent Acceptance Priority Level until there is no series of Notes with a lower Acceptance Priority Level to be considered for purchase for which the Maximum Tender Amount Condition is met.

It is possible that any series of Notes with an Acceptance Priority Level greater than 1 will fail to meet the Maximum Tender Amount Condition and therefore will not be accepted for purchase even if one or more series with a lower Acceptance Priority Level is accepted for purchase. If any series of Notes is accepted for purchase under the Offers, all Notes of that series that are validly tendered and not validly withdrawn will be accepted for purchase. As a result, no series of Notes accepted for purchase will be prorated.

The Company reserves the right to amend or waive any of the conditions of the Offers, in whole or in part, at any time or from time to time, in our sole discretion, subject to applicable law. If any of the conditions are not satisfied at the Expiration Time with respect to an Offer, we may, in our sole discretion and without giving any notice, subject to applicable law, (a) terminate such Offer, (b) extend such Offer, on the same or amended terms, and thereby delay acceptance of any validly tendered Notes, or (c) continue to accept tenders.

We will, in connection with the allocation of the New Notes in the Proposed Issuance, consider among other factors whether or not the relevant investor seeking an allocation of the New Notes has, prior to such allocation, validly tendered or given a firm intention to us or the Dealer Manager that they intend to tender their Notes pursuant to the Offers and, if so, the aggregate principal amount of Notes tendered or intended to be tendered by such investor.

Therefore, a holder who wishes to subscribe for New Notes in addition to tendering its Notes for purchase pursuant to the Offers may be eligible to receive, at the sole and absolute discretion of the Company, priority in the allocation of the New Notes, subject to the issue of the New Notes and such holder also making a separate application for the purchase of such New Notes to the managing bookrunner of the issue of the New Notes in accordance with the standard new issue procedures of such bookrunner. However, we are not obliged to allocate the New Notes to a holder who has validly tendered or indicated a firm intention to tender Notes pursuant to the Offers and, if New Notes are allocated, the principal amount thereof may be less or more than the principal amount of Notes tendered by such holder and accepted by us pursuant to the Offers.

Tender Offers/4

All Notes accepted in the Offers will be cancelled and retired, and will no longer remain outstanding obligations of the Company. Holders of Notes are advised to read carefully the Offer to Purchase, including the 'Risk Factors' section, for full details of and information on the procedures for participating in the Offers.

You may also contact your broker, dealer, custodian bank, trust company or other nominee for assistance concerning the Offers.

If the Company terminates an Offer, all Notes tendered pursuant to such Offer will be returned promptly to the tendering holders thereof.

Holders of Notes are advised to check with any bank, securities broker or other intermediary through which they hold Notes as to when such intermediary would need to receive instructions from a beneficial owner in order for that beneficial owner to be able to participate in, or withdraw their instruction to participate in, an Offer before the deadlines specified herein and in the Offer to Purchase. The deadlines set by any such intermediary and DTC for the submission and withdrawal of tender instructions will also be earlier than the relevant deadlines specified herein and in the Offer to Purchase.
