General

Orbis SICAV (the “Company”) qualifies as an open-ended investment company with variable capital (Société d’Investissement à Capital Variable (“SICAV”)), with limited liability under Part I of the Luxembourg law of 17 December 2010 (as amended) on undertakings for collective investment.

The Company is structured as an umbrella fund, providing both individual and institutional investors with an opportunity to invest in a variety of funds. The Company currently offers shares in the Asia ex-Japan Equity Fund, the Europe Equity Fund, the Global Balanced Fund, the Global Equity Fund, the International Equity Fund, the Japan Core Equity Fund and the Japan Equity Fund. Each Fund’s share capital consists of one or more of the following share classes: Base Refundable Reserve Fee, Core Refundable Reserve Fee, Fee Reserve, Founding Refundable Reserve Fee, Institutional Investor, Investor, No Fee, Yen and Zero Base Refundable Reserve Fee. These share classes differ with respect to their eligibility requirements and the management fees applied.

A separate pool of assets is maintained for each Fund. A Fund is not a separate legal entity. All of these Funds together comprise the Orbis SICAV single legal entity. Under Luxembourg law, the rights of the shareholders and creditors of a Fund which arise in connection with the creation, operation or liquidation of the Fund are limited to the assets of that Fund and the assets of the Fund are exclusively available to satisfy such rights.

This abridged version of the Annual Report of Orbis SICAV - Global Equity Fund (the “Fund”) does not contain certain Luxembourg legal and regulatory disclosure requirements as included in the complete version of the Annual Report. A complete version of the Annual Report is available upon request and free of charge at the registered office of the Company 15 days prior to the Annual General Meeting of Shareholders of the Company.

Significant Accounting Policies

These financial statements have been prepared in accordance with Luxembourg legal and regulatory requirements applicable to investment funds.

Investments. Investments are recorded as of the trade date and are stated at their fair values. Investments in marketable securities are valued at their closing prices and forward currency contracts at their mid prices. If these prices are unavailable or considered unrepresentative of fair value, a price considered fair by the Manager will be used. The amounts realised may differ from these valuations due to variations in pricing, exchange rates, trading volumes and regulations.

Foreign Currency Translation. Assets, liabilities and forward currency contracts denominated in foreign currencies are translated into euro using exchange rates prevailing at the year-end. Income and expenses in foreign currencies are translated into euro at the exchange rates prevailing at the dates of the transactions. Translation exchange gains and losses are included in the Statement of Operations and Changes in Net Assets. The unrealised gains or losses on forward currency contracts are included in the Statement of Net Assets and the movement in the unrealised gains or losses is included in the Statement of Operations and Changes in Net Assets.

Income and Expenses. The accrual basis is used to recognise income and expenses. Dividends are accrued, net of withholding taxes, on the ex-date of the dividend once the ex-date and amount are known with reasonable certainty. Reclaims of withholding taxes are considered on a case by case basis and normally recognised once recovery is certain. Realised gains and losses on investments are based on average cost. All income and expenses which can be allocated directly to individual share classes are charged to those share classes. Income and expenses which do not relate specifically to a particular share class are allocated between the share classes pro rata to their Net Asset Values.

Accounting Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Taxes

Under current law and practice, the Company is not liable to Luxembourg taxes on income or capital gains, nor are dividends paid by the Company liable to any Luxembourg withholding tax. Income and capital gains on the Company's investments, however, may be subject to withholding or capital gains taxes in certain countries.

The Fund is subject to a tax (taxe d'abonnement) in Luxembourg on the net assets attributable to its Investor share class of 0.05% per annum and to its Refundable Reserve Fee and Fee Reserve share classes of 0.01% per annum, such tax being payable quarterly and calculated on the net assets of each share class at the end of each calendar quarter.

Share Capital

At 31 December 2015, the Fund offers Investor shares and Base, Core, Founding and Zero Base Refundable Reserve Fee shares. The Base Refundable Reserve Fee shares are offered in US dollars, the Core Refundable Reserve Fee shares are offered in euro and US dollars, and all other Refundable Reserve Fee and Investor share classes are offered in euro. The Fee Reserve shares are issued to the Portfolio Manager in relation to the performance fee.

At 31 December 2015, the following shares were issued and outstanding:

Material Contracts - Forward Currency Contracts

At 31 December 2015, the Fund held open forward currency contracts settling on or before 17 June 2016 having net contract and net fair values as set out on the following page. These contracts expose the Fund to credit risk arising from the potential inability of a counterparty to perform under the terms of a contract. To limit its risk to the amount of any net unrealised gain, the Fund has entered into agreements whereby all its currency transactions with the counterparty to that agreement can be netted. The Fund uses the commitment approach to determine its global exposure related to derivative instruments.

The Investor shares pay the Manager and the Portfolio Manager a fee which can vary between 0.5% and 2.5% per annum of weekly net assets, determined by that share class' rate of return versus its performance fee hurdle. The Manager and Portfolio Manager are paid a base fee by the Base Refundable Reserve Fee shares of 0.60% per annum of their net assets and, by each of the Core and Founding Refundable Reserve Fee shares, a base fee of between 0.30% and 0.45% per annum of their net assets. The Zero Base Refundable Reserve Fee shares do not pay a base fee. The Base, Core and Founding Refundable Reserve Fee shares each pay the Portfolio Manager a performance related fee of 25%, and for the Zero Base Refundable Reserve Fee shares, a fee of 33%, of the share class' rate of return versus its performance fee hurdle since the last Dealing Day. At each Dealing Day, the Portfolio Manager is issued Fee Reserve shares to the extent of any performance fee accrued. The performance fee is partially refundable in the event of future underperformance,

with the refund limited to the value of the Fee Reserve shares related to each investor's Refundable Reserve Fee shares and the fee subject to a high water mark should the available refund be exhausted. For each investor in the Base, Core and Founding Refundable Reserve Fee share classes, when the value of their related Fee Reserve shares exceeds 3% and 7% per annum of the total Net Asset Value of their Refundable Reserve Fee shares, the Portfolio Manager is paid in cash at an annualised rate of 1% and 2%, respectively, of the total Net Asset Value of those Refundable Reserve Fee shares. For each investor in the Zero Base Refundable Reserve Fee share class, payment is made at an annualised rate of 0.75% of the total Net Asset Value of their Refundable Reserve Fee shares when there is value in their related Fee Reserve shares, and increased to an annualised rate of 1.75% and 2.75% when the value of the related Fee Reserve shares exceeds 3% and 7% per annum, respectively, of the total Net Asset Value of their Refundable Reserve Fee shares.
