

GOLD RESERVE PROVIDES UPDATE ON CITGO SALE PROCESS

Pembroke, Bermuda – August 13, 2025 – Gold Reserve Ltd. (TSX.V: GRZ) (BSX: GRZ.BH) (OTCQX: GDRZF) (“Gold Reserve” or the “Company”) announces several developments in the pending legal proceedings in which the Company, through its wholly-owned subsidiary, Dalinar Energy Corporation (“Dalinar Energy”), has been recommended by the Special Master to purchase the shares of PDV Holding, Inc. (“PDVH”), the indirect parent company of CITGO Petroleum Corp. The Special Master’s Final Recommendation of the Dalinar Energy bid is the subject of a Sale Hearing scheduled to commence before the U.S. District Court for the District of Delaware (the “Court”) on August 18, 2025. The stated purchase price of the Dalinar Energy bid is \$7.382 billion.

August 12, 2025.

Red Tree Investments (“Red Tree”) submitted a letter to the Court in which, among other things, it disclosed the existence of a competing bid that it said was submitted by Amber Energy “last weekend”. The Company has not been provided a copy of this bid. The Red Tree letter indicates that the purchase price for this bid is \$5.859 billion and also implies that \$2.587 billion of claims against PDVSA by the 2020 bondholders would be settled. If this bid is recommended by the Special Master, accepted by the Court, and consummated, its \$5.859 billion purchase price would result in the Company recovering nothing on its Attached Judgment in the CITGO Sale Process. A copy of Red Tree’s letter can be found [here](#).

The Special Master filed a response to the Red Tree letter and stated that it made an “unauthorized disclosure of confidential information regarding a competing proposal.” In consequence, the Special Master requested that the Court adjourn the status conference currently scheduled for today so that “the Special Master can consider the recent developments” and, after meeting-and-conferring with the parties, file an “updated proposal to the Court on how to proceed with respect to the status conference and the sale hearing by Thursday, August 14, 2025, at 4:00 p.m.” A copy of the Special Master’s response can be found [here](#).

The Court granted the Special Master’s request and rescheduled the status conference to Friday, August 15, at 10:00 a.m. A copy of the Court’s order can be found [here](#).

The Company also filed a response to the Red Tree letter in which it stated its views that: (a) the letter was improper for multiple reasons; (b) the letter and the referenced Amber Energy bid did not require any adjournment of the Sale Hearing; (c) the Amber Energy bid, as described in the letter, violated the bidding procedures and protections established by the Court, as well as the terms of the Stock Purchase Agreement executed by Dalinar Energy and the Special Master, and as a result this bid would be non-actionable.

Specifically, the Company stated its view that the Amber Energy bid, as described in the Red Tree letter, violates the requirement that any unsolicited competing bid must include an overbid minimum above the purchase price of the Company's Final Recommended Bid. The stated purchase price of \$5.859 billion for the Amber Energy, as described in the Red Tree letter, is \$1.523 billion less than the \$7.382 billion value of the Company's Final Recommended Bid. The Company also stated its view that "the actual price of the Amber Energy bid is \$5.859 billion not \$8.821 billion, as the Red Tree letter incorrectly states." A copy of the Company's response can be found [here](#).

The Company expects that the foregoing issues will be the subject of communications amongst the parties. The Company also expects that certain parties may not agree with the Company's interpretation of the Red Tree letter or the purported Amber Energy bid, and that any such disputes may require resolution by the Court.
