

## **Gold Reserve Announces US\$50 Million Common Share Financing with Strategic Investors**

Pembroke, Bermuda – February 11, 2026 - Gold Reserve Ltd. (TSX.V: GRZ) (BSX: GRZ.BH) (OTCQX: GDRZF) ("Gold Reserve" or the "Company") announces it has entered into an engagement letter with Cantor Fitzgerald Canada Corporation ("CFCC" or the "Agent"), to undertake a private placement of common shares of the Company (the "Common Shares") for anticipated gross proceeds of up to approximately US\$50.3 million (the "Offering") at a price per Common Share of US\$3.00 (the "Issue Price").

Net proceeds from the Offering are expected to be used to scale the Company's operational mining expertise, and for working capital and general corporate purposes.

As part of the Offering, the Company has secured participation from strategic investors on substantially the same terms as other investors in the Offering.

"It is our understanding that the Venezuelan government under President Rodriguez is re-opening for business. We believe this new President wants to re-establish strong business ties within the Western hemisphere and grow the economy for the greater good of Venezuelans. Gold Reserve intends to return to Venezuela as soon as we are able to do so in a safe and legally compliant manner, in order to re-establish connectivity, re-evaluate conditions in-country and, eventually, resume a critical minerals business," said Paul Rivett, Chief Executive Officer of the Company. "This financing achieves at least two important goals: re-building a mining investor base for the long-term benefit of our on-going opportunities and growing our capital committed to re-establishing potential business in Venezuela."

The number of Common Shares to be sold will be determined in the context of the market in conjunction with the marketing efforts and there can be no assurance as to completion of the Offering. The closing of the Offering is expected to occur on or about February 26, 2026 (the "Offering Closing Date") and is subject to the completion of formal documentation and receipt of regulatory approvals, including the approval of the TSX Venture Exchange. In addition, the subsequent listing of the Common Shares to be issued in connection with the Offering remains subject to the approval of the BSX.

The Company has granted the Agent an over-allotment option exercisable, in whole or in part, in the sole discretion of the Agent, to arrange for the purchase at the Issue Price of up to an additional 25% of the number of Common Shares sold in the Offering at any time up to two days prior to the Offering Closing Date, on the same terms and conditions as the Offering. If exercised in full, the Company would raise up to approximately US\$63 million in gross proceeds from the issuance of Common Shares.

The Common Shares will be offered on a "best efforts" private placement basis pursuant to applicable exemptions in each of the provinces of Canada under National Instrument 45-106 – Prospectus Exemptions and in the United States on a private placement basis pursuant to applicable exemptions from the registration requirements of the United States Securities Act of 1933, as amended (the "U.S. Securities Act") and applicable state securities laws, and in such other jurisdictions as may be permitted. The Common Shares issuable to Canadian subscribers in connection with the Offering will be subject to a statutory hold period in Canada which will run for four months from the Offering Closing Date of the Offering. Any Common Shares sold to investors outside of Canada will be sold pursuant to OSC Rule 72-503.

In connection with the Offering, the Agent will receive a commission equal to 6.0% of the gross proceeds from the sale of the Common Shares subject to certain exceptions at the Offering Closing Date.
