PIE Ratio														
Price/Book														
Div Amount														
Yield														
Mkt Cap														
PIE Ratio is calculated by dividing the current market price by the company's 12 month earnings per share (As shown in the latest published accounts).														
Price/Book Ratio is calculated by dividing the current market price by book value per share.														
Dividend is the amount of money distributed to shareholders by a company.														
Yield is the current dividend or interest a stock or bond will earn, with the yield expressed as a percentage of the amount paid for the security or of the security's par value.														
Market Capitalisation is determined by multiplying the number of outstanding shares by the current market price.
