## Chapter 4. Qualifications for Listing

### Preliminary

4.1 This Chapter sets out the basic conditions which have to be met as a pre-requisite to the listing of equity securities issued by small capitalisation domestic issuers. They apply to every method by which securities may be brought to a listing and to both new applicants and listed issuers, except where otherwise stated. It shall be noted that:-

- (1) these requirements are not exhaustive and the Exchange may impose additional requirements in a particular case; and
- (2) the Exchange retains an absolute discretion to accept or reject applications for listing, and that compliance with the relevant conditions may not of itself ensure an applicant's suitability for listing.

4.2 Where application for listing is made in respect of any class of security:-

- (1) if none of the securities of that class are already listed, the application must relate to all securities of that class, whether already issued or proposed to be issued; or
- (2) if some of the securities of that class are already listed, the application must relate to all further securities of that class which are proposed to be issued and the application must be made prior to the issue of the securities.

4.3 Where application is made to list a security which is convertible into another security the Exchange must be satisfied that investors will be able to obtain the necessary information to form a reasoned opinion regarding the value of the underlying security. For example, this requirement is met if where the underlying security is listed on the Exchange or on another stock exchange which is recognised for this purpose by the Exchange as stated in the Listing Guidelines.

### General

4.4 The issuer must be a local company duly incorporated or otherwise established in accordance with the laws of Bermuda.

4.5 Both the issuer and its business must, in the opinion of the Exchange, be suitable for listing.

4.6 The securities for which listing is sought must be freely transferable on the Exchange (subject to any restrictions on transfer to a shareholder who is not Bermudian under the Companies Act or any other statutory restrictions on transfers) and must not carry any liability for any further payments such as in the case of partly-paid securities.

- 4.7 The minimum percentage of securities in public hands, (i.e. persons who are not a director or substantial shareholder of the issuer or a director of a substantial shareholder of the issuer or an associate of any of them) must at all times be at least fifteen percent (15%), with a minimum of twenty (20) shareholders.
- 4.8 A new applicant must have an expected initial market capitalisation for all the securities to be listed of at least \$500,000 but less than \$10 million. Further issues of securities of a class already listed are not subject to this limit.
- 4.9 In the case of a new applicant, the latest financial period for which audited accounts have been prepared must not have ended more than twelve (12) months before the date of the prospectus.
- 4.10 The issuer is required to incorporate in its constitution the various provisions set out in Appendix 3.

### Restrictions on Small Cap. Stocks

- 4.11 If the issuer has less than a two (2) year track record then the directors and substantial shareholders must agree not to dispose of any interest in any of their listed securities for a period of one year from the listing date, otherwise than amongst themselves, unless required to do so by a court order, the holder dies or a takeover offer goes unconditional.
- 4.12 The proprietors may not dispose of more than five percent (5%) of the issuer's issued capital by way of an offer for sale within three (3) years of the issuer being listed as a small cap. Stock, without the prior approval of the Exchange.
- 4.13 The issuer must agree to move up to the Main Board, and to enter into the appropriate Issuer's Undertaking for a Main Board company at that time, as soon as its average market capitalisation over any twelve month period exceeds \$15 million.
- 4.14 The issuer may not issue warrants whilst it is listed as a small capitalisation stock, without the prior approval of the Exchange.

## Chapter 5. Application Procedures and Requirements

### Preliminary

- 5.1 This Chapter sets out the procedures and requirements for applications for the listing of equity securities issued by small capitalisation domestic issuers whether by new applicants or by listed issuers except where otherwise stated.
- 5.2 These requirements are not exhaustive and an applicant must satisfy any additional requirements and supply such further documents and information that the Exchange may require in any particular case or class of case.
- 5.3 Every document submitted to the Exchange must be in the English language or accompanied by a certified English translation.

### Application Procedures

#### 5.4

- (1) Each application for listing shall consist of the following:-

a formal letter of application signed by a duly authorised officer of the applicant and the sponsor, if there is a sponsor, and which complies with the requirements set out in Appendix 1.

the various supporting documents specified in Regulation 5.5.

subject to paragraph (2), a prospectus that complies with the contents requirements set out in Regulation 5.8 and Appendix 2; and

the appropriate fees.

- (2) A prospectus is not required in the case of an application made by a listed issuer in respect of a further issue of equity securities which are to be brought to listing by way of:-

- i. a placing under Regulation 2.19 of twenty percent (20%) or less of the existing issued share capital of the issuer;

a capitalisation issue under Regulation 2.21; or

the exercise of options, warrants or similar rights to subscribe or purchase securities (the grant of which has previously been approved by the Exchange) under Regulation 2.23.

- (3) The issuer must take all reasonable care to ensure that any statement, document or other information which is made available to the Exchange as part of the listing application is not misleading, false or deceptive and does not omit anything likely to affect the import of such statement, document or other information.

## Supporting Documents

5.5 In support of its letter of application, the applicant must lodge with the Exchange at the same time the following documents:-

- (1) in the case of a new applicant, a certified copy of its certificate of incorporation;
- (2) in the case of a new applicant, a certified copy of its constitution and, in all cases, all amendments made since the constitution was last filed with the Exchange. The issuer's constitution must include the mandatory provisions set out in Appendix 3;
- (3) in the case of a new applicant, the audited annual report and accounts for each of the three (3) completed financial years of the issuer or group immediately preceding the issue of the prospectus or since incorporation, if shorter;
- (4) a certified copy of the resolution(s) authorising the issue and allotment of such securities, the making of the application and the signing of the Issuer's Undertaking and approving and authorising the issue of the prospectus.
- (5) an Issuer's Undertaking, unless previously supplied in connection with a previous application, in the form set out and published on the Exchange's website from time to time,, duly signed for and on behalf of the applicant;
- (6) in the case of a new applicant, a Director's Declaration and Undertaking Form signed by each director and proposed director of the issuer, in the form set out and published on the Exchange's website from time to time;

- (8) a copy of any temporary document of title and any definitive document of title in respect of the securities to be listed;

- (10) such other documentation as may be required by the Exchange.

## Prospectus

- 5.6** The prospectus must contain all the specific items of information set out in Regulation 5.8 and Appendix 2. The prospectus may not be dated and issued in final form until the Exchange has confirmed that it has no further comments and it must then be distributed to the public.
- 5.7** The draft prospectus should be submitted in sufficient time for the Exchange to review it before the proposed publication date, but should not be submitted until it includes the required financial information about the issuer. Every draft prospectus submitted must be dated and marked in the margin so as to indicate where the particular requirements of Appendix 2 have been met. Subsequent redrafts must be blacklined against the version previously reviewed by the Exchange to clearly identify any changes.
- 5.8** In addition to the detailed requirements set out in Appendix 2 the prospectus must:
- (1) as an overriding principle, contain such particulars and information which, according to the particular nature of the issuer and the securities for which listing is sought, is necessary to enable an investor to make an informed assessment of the activities, assets and liabilities, financial position, management and prospects of the issuer and of its profits and losses and of the rights attaching to such securities; and
  - (2) carry on the first page of the document (excluding any cover), in a prominent position and in bold type, the following disclaimer:

**"The Bermuda Stock Exchange takes no responsibility for the contents of this document, makes no representations as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon any part of the contents of this document".**

## Distributions

- 5.9** If the method of listing involves a distribution of securities then the issuer must ensure that a notice, which states where members of the public may obtain a copy of the prospectus free of charge, is published in the newspapers at the start of the distribution process and, prior to the commencement of dealings, must supply the Exchange with a letter confirming that the distribution has been successful and the required minimum percentage is in public hands and, if requested by the Exchange, a list containing the name and address and number of securities received by each person under the distribution.

This Appendix sets out the matters which must be provided for in the constitution of a domestic issuer which lists equity securities on the Exchange.

### Capital structure

Where there is more than one class of share, the articles must state the name of each class and how the various classes will rank for any distribution by way of dividend and on a return of capital.

### Non-voting

Where there are equity shares which do not carry voting rights, the words "non-voting" must appear in the designation of such shares.

### Restricted voting shares

Where there are equity shares with different voting rights, the designation of each class of shares, other than those with the most favourable voting rights, must include the words "restricted voting" or "limited voting".

### Preference shares

Where preference shares are listed, they must carry voting rights in at least the following circumstances:

- (1) when dividends on such shares are more than six months in arrears; and
- (2) on any resolution for the winding-up of the company.

### Transfer and registration

Transfers and other documents or instructions relating to or affecting the title to any shares must be registered without payment of any fee (except where required by law).

### Restrictions on transfer

Fully paid shares must be free from all liens and have free transferability on the Exchange (except for any restriction on a transfer to a shareholder who is not Bermudian under the Companies Act or any other statutory restrictions on transfers).

### Register

The closing of the register must be discretionary.

### **Definitive certificates**

Every person whose name is entered as a member in the register of members shall be entitled without charge to receive one certificate for all his shares or several certificates each for one (1) or more of his shares upon payment of \$10 for every certificate after the first or such less sum as the directors shall from time to time determine. A new certificate issued to replace one that has been worn out, lost or destroyed must be issued without charge (other than exceptional out of pocket expenses) although a company may require an indemnity prior to the issue of a replacement certificate. Where a holder of securities has sold part of his holding, he must be entitled to a certificate for the balance without charge.

### **Proxy forms**

A corporation may execute a form of proxy under the hand of a duly authorised officer.

### **Untraceable members**

Where power is taken in the constitution to cease sending dividend warrants/cheques by post if such warrants/cheques have been returned undelivered or left uncashed, the power may not be exercised until either such warrants/cheques have been so returned or left uncashed on two consecutive occasions or, following one such occasion, reasonable enquiries have failed to establish any new address of the registered holder.

Where power is taken in the constitution to sell the shares of a member who is untraceable, the power may not be exercised unless:

- (1) during a period of seven (7) years at least three (3) dividends in respect of the shares in question have become payable and no dividend during that period has been claimed; and
- (2) on or after expiry of the seven (7) years the company has given notice, by advertisement published in the newspapers and also in a newspaper circulating in the area in which the last known address of the member or the address at which service of notices may be effected in the manner authorised by the articles is located, of its intention to sell the shares and has informed the Exchange of such intention.

### **Dividends**

Any amount paid up in advance of calls on any share may entitle the holder of the share to interest but must not entitle the holder to participate in respect of that amount in any dividend.

### **Forfeiture**

Where power is taken in the constitution to forfeit unclaimed dividends, the power must not be exercisable until seven (7) years or more after the date the dividend became due for payment to be forfeited.

## **Directors**

The constitution must either prohibit, or empower the chairman/president of the relevant meeting to disqualify, a director from voting on any contract or arrangement or any other proposal in which he has an interest which is a material interest.
